No borders!

new concert program

A passionate concert program that connects.

Because anyone who loves music knows that limits only exist in people's heads.

In the new concert program "No borders!" the enchanting world of sound by the Estonian composer *Arvo Pärt*, passionate Argentine tango by *Astor Piazzolla* and virtuoso variations by the Austrian violinist *Fritz Kreisler* merge with the joy of playing gypsy jazz by *Django Reinhardt* with well-known jazz classics and a tango by *Tom Waits*.

Own compositions

In addition, there are the Inter-Klang duo's own compositions, such as the oriental instrumental piece "*Sahara-Wind*" or the klezmeresque song "*David's Tango*".

The Duo-Interklang connects different musical genres, epochs and cultures.
